

503-032 Worldwide High Horsepower Lean-Burn Gaseous Fuel Generator Sets

This LIMITED warranty applies to all lean-burn gas fueled generator sets sold by Cummins Inc. for use anywhere in the world where Cummins approved service is available.

Coverage Effective Date*	Coverage End Date	Legal Description
May 1, 2009	Still Active	3624642
* This coverage applies to engines with a warranty start date on or after this date.		

Coverage

The **warranty start date** is the date of delivery of the engine to the first user. On generator sets there is no demonstration period.

BASE ENGINE WARRANTY	
Coverage*	What is Covered?
1 year** Unlimited hours or 18 months Unlimited hours	Parts Labor Travel Other Claimables
* Coverage begins with the sale of the Generator Set by Cummins and ends 1 year from the date that the Generator Set is available for service to the first user, or 18 months from the date of shipment of the Generator Set to the first user, whichever comes first.	
** The Generator set consists of: 1. All items mounted on the Generator Set and/or Generator Set base frame as shipped from the producing factory. 2. Generator Set control panel (GCP) including items shipped loose which are part of the GCP. 3. Items shipped from the producing factory and connected to the Generator	

Set, which have been approved for incorporation in writing by Cummins.

Limitations

- Cummins will pay for reasonable travel expenses when it is necessary for Cummins authorized mechanics to make on-site warranty repairs.
- This warranty does not apply to **service and maintenance intervals** which are dependent upon load factors, duty cycle, application and installation.
- These warranties are void and nonbinding on Cummins if, at the time of failure, the **Generator Set is determined to have been modified so as to substantially alter its operating characteristics.**
- **Failures resulting in excessive oil consumption** must have adequate documentation to show that consumption exceeds Cummins published standards.
- **Failures of belts** are covered for 1 year or 4,000 hours, whichever occurs first.
- **Spark plugs** are warranted for a period of 30 days or the first 500 hours, whichever occurs first.
- Cummins is also not responsible for failures resulting from:
 - Use of incorrect fuel or by water, dirt or other contaminants in the fuel.
 - Use of improper coolants or lubricants.
 - Inappropriate use relative to application guidelines.
 - Improper and/or unauthorized installation.
 - Damage to parts, fixtures, housings, attachments and accessory items.
 - Any Progressive damage caused by the Owner not making the Generator Set available for repair following notification of a potential product problem or issue.
 - Lack of maintenance or unauthorized repair.
 - Failures or damage resulting from the use of the Generator Set before completion of commissioning by a Cummins Inc. authorized commissioning engineer.
 - Failures or damage resulting from using the Generator Set with a disabled or by-passed Generator Set protection device.
