

503-079 All Quantum Transmissions Worldwide Industrial (Off-Highway)

NU

This warranty applies to new Transmissions that are used in Oil & Gas Pressure Pumping applications Worldwide.

Location	Coverage Effective Date*	Coverage End Date	Legal Description
Worldwide	January 1, 2013	Still Active	3381456
*This coverage applies to Transmissions with a warranty start date on or after this date.			

Coverage

The **warranty start date** is the date of delivery of the transmission to the first retail purchaser, or the first use of the transmission in a leased, rented or loaned unit, or when the transmission has operated 50 hours, whichever of the three occurs first.

BASE TRANSMISSION WARRANTY	
Coverage*	What is Covered?
2 years, 2,000 hours**	Base Transmission Labor Travel Other Claimables
*Whichever occurs first, after the warranty start date.	
**If the 2,000 hour limit is exceeded during the first year, coverage continues until the end of the first year.	

Limitations

- **During the Base Transmission Warranty, Cummins allows travel** from the nearest authorized repair location to the job site to repair a warrantable failure. In lieu of travel, towing/transport to the nearest authorized location is covered, if the cost does not exceed normal travel.
- **Failures of hoses** supplied by Cummins are not covered beyond the first 500 hours or one year of operation, whichever occurs first.
- **For all Industrial transmissions (except those previously mentioned), this Warranty does not apply to accessories which bear the name of another company. Such non-warranted accessories include, but are not limited to: filters and pre-heater.**
- **Brake Pads are not covered.**
