

## 507-021 Cummins ReCon® Extended Coverage for Fire/Crash Truck and RV Applications (FTR)

This warranty applies to all ReCon® engines used in fire/crash truck and recreational vehicle applications marketed anywhere in the United States and Canada under the trademark “Cummins ReCon®”.

Program ID	Account Code	Coverage ID	Legal Description
FTR	RT	RNE	3381368

### Coverage

Coverage	What is Covered?	Deductible*
Extended Coverage period is determined at the time of program purchase.	Base Engine Labor Other Claimables	\$100 per service visit**

\*Claims should be filed in full, including the deductible amount. Warranty and Customer Support will be responsible for subtracting the deductible when the claims are processed.

\*\*Repeat component failures are not subject to a deductible. For example, if the customer pays a \$100 deductible for a cylinder head failure, no deductible is charged on subsequent cylinder head failures. If the customer pays a \$100 deductible for rocker lever number 3 failure, and rocker lever number 6 fails, the customer is again charged a \$100 deductible.

### Limitations

- **Travel and/or towing** are not covered under this Plan.
- This Plan does not apply to **non-Cummins accessories**.
- **Cummins branded starters and alternators** are not covered.
- **This Plan does not apply to maintenance components**, their mounting hardware and gaskets, including, but not limited to: fuel injectors, fuel pump, STC hydraulic tappets, STC oil control valve, turbocharger, air compressor, fan idler pulley assembly, vibration damper, belts, hoses, belt tensioner and thermostat.
- **Excessive oil consumption or blowby** is not covered under this Plan.
- Reference **CAP Administrative Procedures** for additional details.
