Limitations

- During Base Engine Warranty, on buses and coaches used in local bus service operation, Cummins will pay reasonable **towing or travel** costs. In all other automotive applications, travel is covered only if the engine cannot be operated and if the total repair can be made at the site.
- **Failures of belt(s) and hoses** are covered only during the first 15,000 miles (24,141 kilometers) or one year of operation, whichever occurs first.
- Failures resulting in excessive oil consumption are covered for the duration of the coverage or 160,935 kilometers (100,000 miles) or 7,000 hours from the date of delivery of the Engine to the first user, whichever of the three occurs first.
- **Unauthorized modifications** to the aftertreatment could negatively effect emissions certification and void warranty.
- With certain exceptions, this warranty does not apply to **accessories supplied by Cummins** which bear the name of another company. The exceptions to which the warranty does apply are:
 1. **Fuel pumps, vacuum pumps and power steering pumps** are covered for the duration of the Base Engine Warranty.
 2. **Non-Cummins branded starters, non-Cummins branded alternators and non-Cummins air compressors** are covered for six months or 50,000 miles (80,468 kilometers) of operation, whichever occurs first, from the date of delivery of the Engine to the first user.
